CAREER OBJECTIVE

As a dedicated and innovative software engineer with 2 years of experience (PHP Laravel), my career objective is to leverage my expertise in software development to contribute to cutting-edge projects and drive technological advancements. I am committed to delivering high-quality solutions that address complex challenges and enhance user experiences.

I have worked in various online marketplaces like Fiverr, Upwork since last three years with Wordpress and currently I have worked with PHP Laravel for two years now.

Currently I am learning NodeJS And React Js and also trying to learn more new stuff programming languages and my interest in learning never stops. I feel more successful when I learn something new.
